CHAPTER 4

C. ORDINANCE REGULATING JUNK AND ABANDONED AND JUNKED VEHICLES IN THE TOWN OF FARMINGTON

The Town Board of the Town of Farmington, Jefferson County, Wisconsin, having by law powers pursuant to Section 60.18(12) Wis. Stats., and in addition as provided in Section 342.40 of the Wisconsin Statutes, and deeming it necessary in order to promote the public health, safety, morals and welfare, do ordain as follows:

SECTION 1. STORAGE OF JUNK, ETC., REGULATED.

(1) GENERALLY.

(a) Restricted. No person shall store junked or discarded property, including automobiles, automobile parts, farm implements, trucks, tractors, refrigerators, furnaces, washing machines, stoves, machinery or machinery parts, wood, bricks, cement blocks or other unsightly debris which depreciates property values in the neighborhood, except in an enclosure which houses such property shielding it from public view or upon permit issued by the Town Board. In all cases the aforementioned property, if permitted to be stored on the landowner's property, shall be at least five hundred (500) feet from the nearest property boundary.

(b) Order for Compliance. The Police Department or any other town official may require by written order any premises in violation of this section to be put in compliance within the time specified in such order and, if the order is not complied with, may have the premises put in compliance and the cost thereof assessed as a special tax against the property.

(2) ABANDONED VEHICLES.

(a) Vehicle Abandonment Prohibited. No person shall leave unattended any motor vehicle, trailer, semi-trailer or mobile home on any town road or public or private property for such time and under such circumstances as to cause the vehicle to reasonably appear to have been abandoned. When any such vehicle has been left unattended on any town road or on any public or private property within the town without the permission of the owner for more than forty-eight (48) hours, the vehicle is deemed abandoned and constitutes a public nuisance. A motor vehicle shall not be considered an abandoned motor vehicle when it is out of ordinary public view.

(b) Removal and Impoundment of Abandoned Vehicles.

Any vehicle in violation of this subsection shall be impounded until lawfully claimed or disposed of under par.(c) except if the Town Board or its authorized representative determines that the cost of towing and storage charges for the impoundment would exceed the value of the vehicle, the vehicle may be junked or sold by the town prior to expiration of the impoundment period upon determination by the Town Board or its authorized representative that the vehicle is not stolen or otherwise wanted for evidence or other reason. If impounded, there shall be a storage charge assessed at the rate of Five (\$5.00) Dollars per day.

(c) Disposal. Any vehicle which is deemed abandoned

by the Town Board or its authorized representative and not disposed of under (b) shall be retained in storage for a minimum period of ten (10) days after certified mail notice has been sent to the owner and lienholders of record to permit reclamation of the vehicle after payment of accrued charges. Such notice shall set forth the year, make, model and serial number of the abandoned motor vehicle, the place where the vehicle is being held, and shall inform the owner and any lienholders of their right to reclaim the vehicle. The notice shall state that the failure of the owner or lienholders to exercise their rights to reclaim the vehicle under this section shall be deemed a waiver of all right, title and interest in the vehicle and a consent to the sale of the vehicle. Each retained vehicle not reclaimed by its owner or lienholder may be sold. The town may dispose of the vehicle by sealed bid or auction sale as provided by ordinance. At such sale the highest bid for any such motor vehicle shall be accepted unless the same is deemed inadequate by the Town Board, in which event all bids may be rejected. If all bids are rejected or no bid is received, the town may either readvertise the sale, adjourn the sale to a definite date, sell the motor vehicle at a private sale or junk the vehicle. Any interested person may offer bids on each abandoned vehicle to be sold. A public notice shall be posted at the office of the Town Clerk. The posting of the notice at the office of the Town Clerk shall be in the same form as the certified mail notice sent to the owner or lienholders of record. Upon sale of an abandoned vehicle, the town shall supply the purchaser with a completed form designed by the Department of Transportation enabling the purchaser to obtain a regular certificate of title for the vehicle. The purchaser shall have ten (10) days to remove the vehicle from the storage area but shall pay a reasonable storage fee established by the town for each day the vehicle remains in storage after the second business day subsequent to the sale date. Ten (10) days after the sale, the purchaser shall forfeit all interest in the vehicle and the vehicle shall be deemed to be abandoned and may be sold again. The listing of vehicles to be sold by the town shall be made available to any interested person or organization which makes a written request for such list. The town may charge a fee for the list.

(d) Owner Responsible for Impoundment and Sale Costs. The owner of any abandoned vehicle, except a stolen vehicle, is responsible for the abandonment and all costs of impounding and disposing of the vehicle. Costs not recovered by the sale of the vehicle may be recovered in a civil action by the town against the owner.

(e) Notice of Sale or Disposition. Within five (5) days after the sale or disposal of a vehicle as provided in par.(c), the Town Board or its authorized representative shall advise the state Department of Transportation, Division of Motor Vehicles, of such sale or disposition on a form supplied by the Department of Transportation. A copy of such form shall also be given to the purchaser of the vehicle, and a copy shall also be retained on file in the Town Clerk's office.

(3) JUNKED VEHICLES, TRACTORS AND FARM EQUIPMENT.

(a) Junked Vehicles, Tractors and Farm Equipment Prohibited. No person owning or having in his possession or under his control any disassembled, dismantled, junked, wrecked or inoperable and unlicensed motor vehicle, tractor or farm equipment or any part or parts of any motor vehicle shall store or permit any such vehicle, tractor or farm equipment or part to remain on any private property within the township for more than thirty (30) days after receipt of the notice referred to in par.(c), and no person owning any private property in the town shall store or permit to remain any such vehicle, tractor or farm equipment or part on his property for more than a like period. No person, after receipt of such notice, shall remove such motor vehicle, tractor or farm equipment or parts to any other private property upon which storage is not permitted or onto any public highway or other public property for purposes of storage. Such storage is declared to be a public nuisance and may be abated or removed and penalties imposed as provided in this ordinance.

(b) Storage Permitted. This section shall not apply to any motor vehicle, tractor or farm equipment or parts stored within an enclosed building; in a storage place or depository maintained in a lawful place and manner; or on the premises of a business enterprise operated in a lawful place and manner when necessary to the operation of such business enterprise. Such business enterprises shall include auto junk yards, auto repair, farm machinery repair and auto body shops but shall not include automobile service stations.

(c) Notice of Removal. Whenever the Police Department or other town official finds or is notified that any such motor vehicle or motor vehicle parts have been stored or permitted to remain on any private property within the township, the Police officer or other town official shall send by certified mail a notice to the owner of record of such motor vehicle or parts, if

such owner can be ascertained, and also to the owner of the property upon which it is stored, to remove the vehicle or vehicle parts within thirty (30) days. Such notice shall describe the vehicle or parts, shall order the removal within thirty (30) days and shall set forth the possible penalties.

(4) PENALTIES. In addition to any other penalties, any person violating this ordinance shall forfeit a penalty of not less than Fifty (\$50.00) Dollars and not more than Two Hundred (\$200.00) Dollars, together with the costs for each day said violation continues.

(5) SEVERABILITY. Should any section, clause or provision of this ordinance be declared by the courts to be invalid, the same shall not affect the validity of the ordinance as a whole or any part thereof, other than the part so declared to be invalid.

SECTION 2. EFFECTIVE DATE. This ordinance shall take effect and be in full force from and after the date of its passage and publication according to law.
